The CSSS de la Pointe-de-l’île

This brochure was produced by the Centre de santé et de services sociaux (CSSS) de la Pointe-de-l’île. The "Access to Health Care in your Neighbourhood" brochure presents the main health and social services available near you.

The CSSS de la Pointe-de-l’île was created in 2004. It is comprised of the CLSC Mercier-Est–Anjou, the CLSC Pointeaux-Trembles–Montréal-Est, the CLSC Rivière-des-Prairies and the Biermans, François-Séguenot, Judith-Jasmin and Pierre-Joseph-Triest CHSLDs (residential and long-term care centres).

The CSSS de la Pointe-de-l’île works closely with the medical clinics and community organizations within its territory.

The mission of the CSSS is to:
• Help you obtain the health and social services you need as soon as possible.
• Offer high-quality services to its users, including the residents of its residential and long-term care centre.
• Encourage you to adopt a healthy lifestyle.
• Contribute, with its local and regional partners, to the improvement of public health within its territory.

With 1476 employees, 49 doctors and an annual budget of $86M, it plays a leading role in the economic and community life of your neighbourhood.

The CSSS de la Pointe-de-l’île is a member of the Montreal Network of Health Promoting Hospitals and CSSSs, which is affiliated with the World Health Organization (WHO).

A number of community organizations in your neighbourhood work with institutions in the network. For more information about these organizations or to find the health and social services resources available in your area, visit the Santé Montréal Portal at www.santemontreal.qc.ca/aide-et-services, contact the Information and Referral Center of Greater Montreal at 514 527-1375, or get in touch with your CLSC.

INFO-SANTÉ

If you are concerned about your health or the health of a loved one, call Info-Santé at **811**.
A nurse will answer day and night, 365 days a year!

HEALTH INSURANCE CARD

In Quebec, you must have a health insurance card to receive services free of charge in a health care institution. It is therefore important to get a card and keep it with you. When your health insurance card is about to expire, the Régie de l’assurance maladie du Québec (RAMQ) will automatically send you a renewal form. You must then go to a CLSC with the required photos and documents so that your renewal can be validated. Ensure that you change your address with the RAMQ when you move.

**RAMQ**: 514-864-3411 or 1-800-561-9749

Rosemont–La Petite-Patrie Borough
Family Medicine Groups

A family medicine group (or GMF) is a clinic where patients register with their doctor. This allows doctors to develop a relationship of trust with their patients and to work more effectively to prevent and treat health problems. GMFs are a central element of Quebec’s new strategy to facilitate access to family doctors. While there are still relatively few GMFs in Montreal, they will continue to develop in all neighbourhoods over the next few years.

The GMF in your neighbourhood:

**GMF Saint-André**  514-648-6888  
**GMF Clinique-réseau Polyclinique Pointe-aux-Trembles**  514 498-4050  

If You Are Looking for a Family Doctor

There is a shortage of doctors throughout Quebec. Various measures have been put into place, including the training of new doctors, but it will take several years before this situation is resolved. At present, not all Montreal residents have access to family doctors. If you need to see a family doctor but you do not have one, go to your usual clinic or a network clinic (see the list of network clinics on pages 3, 4 and 5). If possible, always go to the same clinic. The medical team will have access to your records and will be able to offer you better long-term care. Remember to call ahead to confirm opening hours to avoid wasting a trip.

Your CSSS can help you find a family doctor if:

• You are 70 or older  
• You have a chronic illness: diabetes, high blood pressure, cancer, etc.  
• You are pregnant  
• You have just been discharged from hospital and require medical follow-up  

**FOR INFORMATION**  
514-356-2574, extension 73612
Be Well-Prepared for Your Appointment

Here are some recommendations to help you prepare for your appointment with a doctor or other health professional:

1. Write down the following information:
   - Your symptoms, their frequency, and when and under which circumstances they appear.
   - Your personal history, such as illnesses, injuries, hospitalizations and operations, along with their dates.
   - Vaccinations that you have received, along with their dates.
   - Any specific conditions (allergies, disabilities, pregnancy, nursing, etc.).
   - The results of your latest tests (bloods tests, urine analyses) and recent X-rays, etc.

2. Take a complete, up-to-date list of your medications. Your pharmacist can provide a list of your prescribed medications. You should also include any nonprescription medications, vitamins, food supplements and natural products that you are taking. If this is not possible, take all your medications with you.

3. Prepare a list of questions that you would like to ask.

4. On the day of your appointment:
   - Arrive on time with a pen and paper so that you can take notes.
   - If you are unable to arrive at the scheduled time, notify the clinic as early as possible so that your appointment can be given to another patient.
   - Do not hesitate to ask questions and write down the answers.
   - If necessary, ask a relative or friend to accompany you.
Seeing a Specialist

Specialists usually only see patients who have been referred by a general practitioner. If you think that you need to consult a specialist, you must speak with your family doctor or a doctor at a walk-in clinic first.

If your doctor suggests an EMERGENCY consultation, he or she will refer you to the appropriate resource. If the consultation is not urgent, your doctor or the clinic staff will provide you with the address and phone number of hospitals or clinics that you may contact to make an appointment. You must then handle the process yourself.

Seeing a Nurse

Nurses can offer advice and provide care following an injury or surgical procedure or for a chronic illness. They can also remove stitches, perform wound care, apply dressings, provide catheter and colostomy care, or administer intravenous medication, etc. You can also see a nurse for questions about your health or to obtain emergency oral contraception (morning-after pill).

For health consultations or follow-up with a nurse, contact your CLSC. After the CLSC’s office hours, call Info-Santé by dialing 8-1-1.

CLSC de Mercier-Est–Anjou  514-356-2572

Saturdays, Sundays and Holidays, 8:00 a.m. to 4:00 p.m.
Advice From Your Pharmacist

There are more than 400 pharmacies throughout Montreal, making the pharmacist a very accessible professional. Do not hesitate to consult one if you are suffering from a minor health issue or if you have a question about medications (both prescription and non-prescription).

The following services are offered in Montreal pharmacies:
• Secure disposal of medication.
• Prescriptions for emergency oral contraception (morning-after pill).
• Medication information (interactions, side effects, directions).
• Advice in the choice of over-the-counter medications, including natural health products.
• Recommendations on pharmacological therapies for quitting smoking and directions for their use.

Many pharmacists work with other health professionals to offer services such as vaccination clinics, lipid profiles, and follow-up for asthma, hypertension and other chronic illnesses. Get informed!

When you meet your pharmacist to obtain medication, it is essential that you communicate certain information to help the pharmacist help you.

You must notify the pharmacist:
• Of all medications you are currently taking (both prescription or over-the-counter).
• Of all natural health products, vitamins or homeopathic products you are taking.
• If you suffer from a particular health issue.
• If you smoke or drink alcohol.
• If you have food or drug allergies.
• If you are pregnant or nursing.

Always going to the same pharmacy will ensure that your pharmacist has your complete medication profile so that you do not need to repeat all of this information at each visit.

When you go to the pharmacy to get a prescription filled, make sure you are aware of the health problem that prompted your doctor to prescribe the medication.
The CSSS de la Pointe-de-l’Île: At Your Service

Specialized Clinics

Smoking Cessation
Smoking Cessation Centre:
Want to quit smoking? Take advantage of the services offered at the Smoking Cessation Centre. Specialists will advise you on the best ways to quit.

Women’s Health

Do you need information on breast cancer screening? Your CSSS can help and guide you whenever necessary.

Mammograms

To obtain a screening mammogram (breast X-ray), you need a referral from your doctor (see "Quebec breast cancer screening program" for women aged 50 to 69 on page 14). Your local CLSC can inform you about where to find the closest screening centre.

FOR INFORMATION

CLSC de Mercier-Est–Anjou 514-356-2572

CLSC de Rivière-des-Prairies 514-494-4924
www.cssspointe.ca
or contact your doctor.
Quebec Breast Cancer Screening Program

If you are between the ages of 50 and 69, you will automatically receive a letter from the Director of Public Health inviting you to have a mammogram at a designated screening centre. This letter serves as a medical prescription.

On the day of your appointment, you will be asked to fill out a consent form. You will then be registered in the Quebec Breast Cancer Screening Program and you will be invited to have a mammogram every two years.

For information:

Services for Seniors and People with Decreased Independence

The CSSS de la Pointe-de-l’Île offers many services to seniors, people with decreased independence, their families and caregivers, including:

- Overall health evaluations
- Advice on nutrition, exercise, healthy lifestyle habits and fall prevention
- Rehabilitation
- Evaluations of home adaptation needs
- Respite for caregivers
- Assistance with personal care
- Foot care
- Nursing care
- Psychological support
- End-of-life care

These services may be offered at the CLSC, at home, in a day centre or day hospital, in a rehabilitation unit, or in a temporary or long-term residence. Some services are also provided in collaboration with community organizations.

When home care services can no longer meet the needs of a person with significantly decreased independence, social workers at the hospital or CLSC can help you make a request for a residential placement.
Day Centre
The day centre works jointly with the CLSC’s home care services. Activities enable seniors to live at home, avoid social isolation, maintain their physical capacities and social skills, and provide respite to their caregivers.

If you feel that you need one of these services for yourself or a loved one, contact your CSSS. A professional will evaluate your situation in order to best meet your needs.

Domestic Help
Housekeeping services are available to people 65 and over at a variable rate based on family income through the Financial Assistance Program for Domestic Help Services.

With a referral from the CLSC, people under 65 who require domestic help following surgery or as a result of an illness or any other incapacity may also benefit from the Financial Assistance Program for Domestic Help Services.

This program makes it possible for people to obtain affordable domestic help while supporting a local company.

In your area, these services are offered by:

Youth Centres

Both youth centres on the Island of Montreal offer services to children and young people aged 0 to 18. They are mandated to ensure the protection of young people and to intervene with young offenders, while offering support to these youths’ parents. They offer services in family mediation, adoption, biological family background research and reunion.

Improving services

All efforts are made to ensure quality services at the CSSS de la Pointe-de-l’Île. If you are not satisfied with the services you receive, you can contact the person responsible for the service concerned.

If you are still not satisfied, you may file a complaint with the Local Service Quality and Complaints Commissioner. If you need help filing your complaint, the Commissioner can assist you or refer you to an organization that has been designated by the Ministry of Health and Social Services to provide assistance.

Becoming a Volunteer

The CSSS de la Pointe-de-l’Île always needs volunteers to accompany patients during hospital appointments or to organize activities in residential and long-term care centres or hospitals.

If you have spare time and you want to help improve the quality of life and well-being of people in your neighbourhood, contact:

Volunteer services manager 514-356-2574, extension 73500
A Foundation that Invests in your Health and Well-Being

The Fondation du CSSS de la Pointe-de-l’Île

The Fondation du CSSS de la Pointe-de-l’Île collects donations to support CSSS activities and develop innovative health projects. The funds are invested in specialized equipment for the care and services that the CSSS provides its clients, some of whom suffer from chronic diseases. This money is also used to restore CSSS residential centres in order to create a warm and pleasant environment for residents.

For information:
• Call us at 514-356-2572, extension 73800
• E-mail us at fondation.pdi@ssss.gouv.qc.ca
• Visit the CSSS de la Pointe-de-l’Île Web site: www.cssspointe.ca
